## Criteria for risk assessment for compliance with the legislation in the sphere of civil service by

## state bodies and observance of standards of official ethics by civil servants Chapter 1. General provisions

1. These Criteria for assessing the degree of risk for compliance with legislation in the field of civil service by state bodies and compliance with official ethics by civil servants (hereinafter referred to as the Criteria) have been adopted in accordance with the Entrepreneurial Code of the Republic of Kazakhstan, the Law of the Republic of Kazakhstan "On the Civil Service of the Republic of Kazakhstan" (hereinafter referred to as Law), the Code of Ethics for Civil Servants of the Republic of Kazakhstan (Rules of Ethics of Civil Servants), approved by the Decree of the President of the Republic of Kazakhstan dated December 29, 2015 No. 153 (hereinafter referred to as the Code of Ethics), as well as the Rules for the formation by state bodies of a risk assessment system and forms of checklists, approved by the order of the Acting Minister of the National Economy of the Republic of Kazakhstan dated July 31, 2018 No. 3 (registered in the Register of State Registration of Regulatory Legal Acts No. 17371) for selection by the Agency of the Republic of Kazakhstan for State Affairs of the National Service (hereinafter referred to as the Agency) and its territorial subdivisions of state bodies for the purpose of conducting inspections and preventive control with a visit to the subject of control.

Footnote. Paragraph 1 - as amended by the joint order of the Chairman of the Agency of the Republic of Kazakhstan for Civil Service Affairs dated July 9, 2021 No. 119 and the Minister of National Economy of the Republic of Kazakhstan dated July 12, 2021 No. 69 (shall come into effect after the day of its first official publication).

- 2. The following concepts shall be used in these criteria:
- 1) Entities subject to control state bodies of the Republic of Kazakhstan;
- 2) Risk the probability of causing harm as a result of activity of the entities subject to control (or their civil servants) to the rights and lawful interests of civil servants, other persons in state bodies, interests of an individual and legal entities, property interests of the state taking into account the severity of its consequences;
- 3) The system of risk assessment of the Agency and its territorial subdivisions a set of measures carried out by the Agency and its territorial subdivisions with the purpose of appointment of preventive control with visiting the entity subjected to control;

- 4) objective criteria for risk assessment of compliance with the legislation in the field of civil service by State bodies and compliance with the standards of official ethics of civil servants (hereinafter referred to as the objective criteria)-criteria for risk assessment in civil service and ethics used by the Agency and its territorial subdivisions to select the entities subject to control, depending on the degree of risk in the civil service and the ethics associated with the possibility occurrence of an unfavorable accident for legitimate interests of an individual and legal entities, the state ;
- 5) subjective criteria for risk assessment of compliance with the legislation in the field of civil service by state bodies and compliance with the standards of official ethics of civil servants (hereinafter referred to as the subjective criteria)-evaluation criteria degree of risk in the sphere of civil service and ethics used by the Agency and its territorial subdivisions to select the entity subject to control depending on the results of the activity of a particular control entity;
- 6) gross violations violations of the requirements established by the Law, the Ethics Code, as well as regulatory legal acts in the sphere of civil service, having a determining negative impact on the observance of civil relations connected with entering civil service, its passage, termination, legal status, material provision and social protection of civil servants, issues of activity of other persons in State bodies, including those entailing Administrative responsibility, as well as ineffective activity of State bodies on the results of annual assessment in the direction of "Personnel Management";
- 7) Major violations-violations of the requirements established by the law, the Ethics Code, as well as regulatory legal acts in the field of civil service, not having a determining negative impact on the observance of civil relations, related with the admission to the civil service, its passage, termination, legal status, material security and social protection of civil servants, issues of activity of other persons in State bodies , including those entailing administrative responsibility, as well as low efficiency of the State bodies on the results of the annual assessment in the direction of "Personnel Management";
- 8) Minor violations-violations of the requirements established by the Law, the Ethics Code, as well as regulatory legal acts in the field of civil service, which shall affect the observance of civil relations related to the receipt of civil service, its passage, termination, legal status, material provision and social protection of civil servants, issues of activity of other persons in State bodies, including entailing administrative responsibility.
- 3. The entities subjected to control, classified to a high degree of risk in the sphere of civil service and official ethics, shall be subject to preventive control with a visit to the entities subjected to control.

### Chapter 2. Methods of preventive control with the visit to the entity subject to control

4. Criteria for risk assessment for preventive control with the visit to the entity subject to control shall be formed through objective and subjective criteria.

### Paragraph 1. Objective criteria

- 5. Objective criteria shall be defined by the following stages:
- 1) definition of the risk;
- 2) grouping and distribution of entities subject to control by degrees of risk (high and not related to high).
- 6. The objective criteria to a high degree of risk shall include the entities subject to control:
  - 1) conducting the competition for the vacant administrative civil office;
  - 2) appointed citizens to the civil service in the non-competitive order;
  - 3) conducting rotation of civil servants;
  - 4) sending civil servants to study;
  - 5) conducting attestation of civil servants;
  - 6) which brought civil servants to disciplinary responsibility;
- 7) in which reorganization, downsizing, change of management structure, renaming of posts, as well as transferred functions, powers and (or) staff units of another state body, including liquidated (abolished) or reorganized state body;
  - 8) attracting foreign workers to work;
  - 9) changing the qualification requirements to administrative State positions;
  - 10) which dismissed civil servants;
  - 11) in which citizens were reinstated in civil office;
- 12) in respect to the activities of which, or actions (inaction) of civil servants of these entities subject to control, the mass media (including Internet resources) published negative materials or there were available information that caused civil resonance during the year;
- 13) in which three or more inspections have been conducted during the year for compliance with the requirements of the civil service legislation and the standards of professional ethics;
- 14) in relation to the activities of which, or actions (inaction) of state employees of these entities subject to control three or more complaints have been registered during the year;
  - 15) the civil servants of which involved to administrative responsibility;
- 16) which civil servants have been convicted by the court for committing a criminal offence;

- 17) which civil servants have been convicted by the court for committing a corrupt act;
- 18) in respect of which an evaluation of organizational development effectiveness had been carried out.

After the risk is determined, the entities subject to control shall be divided into two degrees of risk (high and not high).

For entities subject to control, classified according to objective criteria to a high degree of risk, subjective criteria shall be applied in order to conduct preventive control with the visit to the entity subject to control.

#### Paragraph 2. Subjective criteria

- 7. The definition of subjective criteria shall be carried out using the following stages:
  - 1) database formation and information gathering;
  - 2) information analysis and risk assessment.
- 8. Formation of a database and gathering of information shall be necessary for revealing entities subject to control (state employees of entities subject to control) violating the legislation of the Republic of Kazakhstan in the sphere of civil service and norms of official ethics.

The following sources of information shall be used to assess the degree of risk:

- 1) Results of previous inspections and preventive control with visiting to the entities of the agency subject to control and its territorial subdivisions, Executive Office of the President of the Republic of Kazakhstan, authorized state body on labour, local Labour inspection and supervision bodies;
- 2) Results of monitoring of reports and information submitted by entities subject to control, including through automated information systems, conducted by the Agency and its territorial subdivisions;
- 3) Existence of unfavorable incidents, which have arisen due to the fault of State bodies or civil servants, which caused civil resonance and criticism of the civil administration system;
- 4) Availability and quantity of confirmed complaints and appeals of individuals and legal entities concerning entities subject to control on infringement of requirements of the legislation in the sphere of civil service and non-observance of official ethics by civil servants;
  - 5) Analysis of official Internet resources of State bodies, mass media;
- 6) Results of analysis of the information submitted by the authorized bodies and organizations, and also received from other sources of the information.
- 9. Based on available sources of information, the Agency and its territorial subdivisions shall form subjective criteria to be evaluated.

Analysis and evaluation of subjective criteria shall allow to concentrate preventive control with the visit to the entity in relation to the entity subject to control with the greatest potential risk.

In this case, the analysis and evaluation shall not be applied the data of subjective criteria, previously accounted for and used in relation to a particular entity subject to control or data on which the period of limitation in accordance with the legislation of the Republic of Kazakhstan has expired.

- 10. The subjective criteria and the degree of rudeness of the violations (minor, major and gross) shall be defined in the Appendix to these criteria.
- 11. Based on the priority of the information sources used in accordance with Chapter 3 of these Criteria, the total risk level shall be calculated according to subjective criteria on a scale from 0 to 100.

In terms of the degree of risk, the entity subject to control shall be included:

- 1) to a high degree of risk with the rate of risk from 61 to 100 inclusive and in relation to it preventive control shall be carried out with the visit to the entity subject to control;
- 2) not classified to a high degree of risk-with a risk level of 0 to 60 inclusive and in relation to it preventive control shall not be carried out with a visit to the entity subject to control.
- 12. The frequency of preventive control with the visit to the entity subject to control shall be determined by the results of the conducted analysis and evaluation of the information received by subjective criteria and shall not be held more often than once a year.
- 13. Preventive control with the visit to the entity subject to control shall be conducted on the basis of semi-annual lists of preventive control with visiting the entity subject to control, formed in accordance with paragraph 3 of Article 141 of the Entrepreneur Code.
- 14. Preventive control lists with a visit to the entity subject to control shall be compiled by the agency and its territorial subdivisions, taking into account:
- 1) The priority of the audited entities with the highest level of risk according to subjective criteria.

# Chapter 3. Procedure for calculating the total risk level according to subjective criteria

15. In order to classify the entity subject to control to the risk level, the following procedure for calculating the risk rate shall be applied.

In case of revealing one gross violation, the entity subject to control shall be equated with the risk level of 100 and in relation to it, preventive control shall be carried out with a visit to the entity subject to control.

If no gross violations have been identified, the total of the violations shall be calculated in a significant and minor measure to determine the risk level.

In determining the indicator of significant violations the coefficient 0.7 shall be applied and this indicator shall be calculated according to the following formula:

```
ΣPs = (ΣP2 × 100/ΣP1) × 0,7,
```

Where shall be:

ΣРз

- the indicator of major violations;

ΣРз

- Required number of major violations;

 $\Sigma P2$ 

- The number of major violations detected;

In determining the indicator of minor violations the coefficient 0.3 shall be applied and this indicator shall be calculated according to the following formula:

```
\Sigma PH = (\Sigma P2 \times 100/\Sigma P1) \times 0,3,
```

Where shall be:

ΣРн

- is an indicator of minor violations;

ΣP1

- the required number of minor violations;

 $\Sigma P2$ 

- The number of minor violations detected;

The total risk level (

 $\Sigma P$ 

) shall be calculated on a scale from 0 to 100 and shall be determined by summing up the indicators of major and minor violations according to the following formula:

```
\Sigma P = \Sigma P_3 + \Sigma P_H,
```

Where shall be:

 $\Sigma P$ 

- Total risk level;

ΣРз

- the indicator of major violations;

ΣРн

- is an indicator of minor irregularities.
